

Owner's Guide Booklet Printing Instructions

1. Print pdf pages 1,3 & 5
2. Turn these pages over and put back into the printer tray so that the order of the pages is 1, 3 & 5. Print pdf page 2 on the back side of pdf page 1, page 4 on the back of page 3 and page 6 on back of page 5. You will need to figure out the page print orientation of your specific printer so that the print on the reverse side is in the correct direction.
3. Fold 8.5 x 11 pages in half to make a 8.5 x 5.5 booklet.
